grit bins for Devonshire Close and to contact Bryn Patfield of WCC re grit. It was also advised that small pedestrian snow blowers were available.
There was to be changes on some bus routes, with subsidy taken off, priority being given to office hours and the elderly. Flexi buses were also to be reduced.
The HS2 Consultation had finished with both the County and Borough Councils opposed to it.
On the West Coast Route the Borough Council were opposed to the cut in high speed trains affecting Rugby.
On education the cuts would give a very difficult time.
Cllr Cool asked about the Localism Act, and whether the bottom to top aspect was feasible. No answer was given to this and the clerk to attend a meeting to find out more.

7. To receive and discuss Working Party reports:
   a. Consortium Liaison
      Cllr Cool reported a number of builders would be doing maintenance work prior to the adoption of the roads. Already fences had been mended and hedges cut. The dumping of hedge cuttings in Primary walk is to be looked at by Cllr Cool.
      An up-date on the work to date had been emailed by Rob McGuinn, MDA Consulting.
      1) Pumping Station – the majority of the works were complete to STWA satisfaction, however, a new list with further items to be addressed had been produced and this was currently being dealt with.
      2) Flushing and CCTV inspection of main sewers – It had been confirmed to On Site some weeks ago to proceed with the jetting out and CCTV survey of the sewers. Chris Brocas of STWA is chasing On Site for a commencement date.
      3) Remedial works identified and statement of work sent to the Consortium – STW – work on the foul and surface water manholes are complete. Meeting on Thursday (11th August) with STWA to back snag the completed works.
      4) “Heads up” discussion with Chris Thorley to advise of what is coming and to check what road remedial works are required inc traffic calming etc. – meeting arranged for 18th August to start the road inspections and agree a programme of remedial works and sign off of the roads.

   b. Community Play Area
      With Cllr Mrs Wilson being on holiday no up-date was available.

   c. Community Hall
      It transpires that the contract for the Commercial Area has not been signed. There appears to a difference of opinion with regard to the wording of a covenant. Cllr Sharples proposed a simple wording for ‘use of a community hall’ and will contact our solicitor accordingly. It would appear the ‘proposed’ purchaser of the Commercial Centre wants an end user before committing to a contract.
      It was decided to investigate holding a fun run as a community event, and to start fund raising for the hall.

      The Council Resolved That: We wait for several more months on the land transfer before any further action
      • Proposed: Cllr Cool
      • Seconded: Cllr Venner
      The councillors voted 7 in favour with 1 abstention.
