   Bilton Road Closure – 28th October to 1st November to allow the new crossing to be built

surveillance’. This issue to be discussed with Sean Lawson and Scott Ballard at RBC to see what can be done in the next planting period. **Action – Borough Cllr Williams.**

Cllr Venner reported back on the meeting with Sean Lawson and Scott Ballard ref the thinning out and topping off to be done around the open space by the play area.

7. **a) Consortium Liaison and Adoption**

Cllr Venner reported back on a meeting he had with Dylan Smith and Jack Macullum from Severn Trent Water and Rob McGuinn from the Consortium. STW have conducted the remedials on the main roads and the Consortium are now in discussion with WCC reference the start of the adoption process for these roads. For the side roads STW will do the surveying of the sewers, however it is then up to the individual builders to conduct the remedial work. Once the sewers are fit for transfer the Consortium will inspect the side roads, but again the remedial work is the responsibility of the individual builders and their agents. At this stage we may need to enlist the help of RBC, WCC and possibly our M.P. to bring pressure to bear on the individual builders to get the work completed.

**b) Community Hall**

**i) Build and Design**

Further to the last meeting no response had been provided by Borough Cllr Stokes in relation to the ground survey conducted on the commercial centre. Cllr Emery contacted the developer directly and although the survey had been promised nothing had been delivered. This is now holding up the process. The cost of a ground works investigation is circa £2,800 + VAT. It was proposed that we authorise this to go ahead. **Proposed Cllr Emery. Seconded Cllr Venner. All voted in favour.**
