6. **Opportunity for Borough and County Councillors to address The Council**

Borough Cllr M. Williams said there was a Borough Council election in May and that he would be standing for re-election to the council. He had received an email from a resident over concerns about the grass cutting and had given them a maintenance schedule of when the cutting would take place. The Borough Council were looking into purchasing solar panelled bins. An assessment was being undertaken for the provision of drainage in the play area. Also a path would be installed in that area after Easter.

On the question of 'street lighting adoption' he will speak to County Cllr Butlin. He said he will attempt to obtain a copy of the original S106 Agreement.

7. **a) Consortium Liaison and Adoption**

Cllr. P. Venner said that a snagging list is required from WCC in order for the Consortium to carry out the necessary works.

**b) Community Hall**

i) **Build and Design**

Cllr M. Emery produced a programme of progression to contract award. He also reported that the build cost had risen to £720k primarily due to rising costs associated with the building market picking up. The fencing around the site would be £18.5k, resolving the parking issue would cost £9.5k and the cost of CCTV £25k. Toilets at the required level were very expensive. It was felt that CCTV was not essential. Cllr Emery was asked to look at the estimate and see how the cost could be reduced to the £650k originally budgeted for.

ii) **Fundraising incl. Legals and Governance**

Information had been obtained through the Public Works Loan Board in order to see the cost of taking on a loan to finance the hall construction. This has been done so that some basic facts regarding loans could be displayed at the Consultation evening on the 29th April so that Parishioners could make up their own minds with as much information as possible being available. It was reported that a loan of £500k over 20 years would require a total repayment of £811k and a loan of £450k over 20 years would require repayments of £33k per annum. It was felt that it would be more appropriate to look at other loan values over different periods. This ignores the income from the s106 agreement.

Veolia grant application of up to £50k would have to be submitted by 30th May 2014. **Action** – Cllr Bestwick to liaise with Mike Candler to ensure submission.

Story boards for the consultation evening would need to be ready by 28th April 2014 and would need to give a reason for borrowing. Cllr Cool will compile these.

**c) Finance, Staffing and Admin**

i) **Report on Finances and to consider any payments to be made**

The funds available to the council at 31st March 2014 were £213,930.71p. The first payment of the 2014-15 precept had been received since that date amounting to £28,795.75p.
